

Fight in the Dog

Copyright (c) Kim Berry – December 2012

128 bpm

Verse 1

[A] You play to win but you [G] quit
when the [D] game gets [A] tough
The road to fame is rigged
call their bluff

Dreams, tight jeans, caffeine
only go so far
Strum three chords don't mean
you can play guitar

Pre Chorus

[E] Spot lights
[D] Pay the price
[E] Got the scheme
[D] What will you sacri- [B] -fice?

Chorus

[A] You got your dog in the fight
but no [G] fight in the [D] dog
[A] Dog in the fight
but no fight in the dog
Bark but no bite
there's no bite in your dog
Dog in the fight
But where's the fight in your dog?

Verse 2

Back-stabbing, two-faced tools
take 'em in stride
Believe you can - or you can't
you're probably right

Push yourself
Push it to the extreme
Mean lean electronic
amplified fighting machine

Song inspired by Mark Twain quote:

“It's not the size of the dog in the fight, it's the size of the fight in the dog.”
