Hard times don't last

F

G

Suckers tried to

Am

break me

Tides change so fast

But like a rock you can't shake me

Took my last dime

I let the big wheel spin

Love is no crime

Who says a loser can't win?

## VERSE 2

Two shots down fast

Log wood burn through the night

No girl no cry

Everything be alright

She don't need me

Now the pain is my savior

Mean streets bleed me

Seek a truth that is so pure

Got to keep the faith, keep the vision

Focus on the goal without, indecision

The only sin that counts is the sin of  
omission
